HOW WE PLAN YOUR TREATMENT: STEP-BY-STEP

- **Step 1: Free Medical Evaluation**
You submit medical photographs (scalp for hair transplant, smile photos/X-rays for dental treatment) via WhatsApp (+44 786 433 2123). Our associated medical directors assess your case and compile a personalized medical plan and transparent quote.
- **Step 2: Custom Travel Planning**
Once you approve your clinical itinerary, our travel consultancy coordinators organize your dates. We book and secure your luxury 5-star hotel accommodation and arrange all VIP private transfer logistics from Istanbul's airports.
- **Step 3: Clinical Treatment & VIP Guidance**
Upon landing, your dedicated private VIP host meets you at the gate. They guide you step-by-step through the accredited partner hospital, providing complete multilingual translation during your painless operation.
- **Step 4: Premium VIP Aftercare**
Before flying back, you receive full post-operative guidelines, medications, and care kits. Our medical follow-up team stays in constant communication with you over the next 12 months to monitor your recovery progress.
